

Oxford Partial Knee Instructional Course

Keble College
Oxford, United Kingdom
21 - 22 September 2015

Meeting Information

The Oxford Partial Knee Instructional Course is designed for those surgeons who may have had a limited exposure to partial knee surgery or, indeed, are thinking about re-visiting partial knee surgery as a part of their knee practice. This course includes theory, live surgery and gives surgeons the opportunity to practice the surgical technique with a hands-on saw bone workshop. Each step of the surgical technique will be carefully described by the faculty with sufficient time for all delegates to understand the basic principles. Clinical experience and best practice will be shared, including those from an independent centre, to give delegates confidence when commencing with the Oxford PKA.

Monday 21 September 2015

08:30 Registration

09:00	Welcome and introduction to the Oxford Partial Knee	Prof. D. Murray
09:25	Indications - Antero-medial Osteoarthritis	Prof. A. Price
09:40	Discussion

Zimmer Biomet wishes to thank the Nuffield Orthopaedic Centre for the provision of live surgery facilities.

Zimmer Biomet is obliged and committed to ensure compliance with all applicable laws and regulations, including the Eucomed / Mecomed / SAMED Codes of Ethical Business Practice and other applicable industry standards. Please find more information on the standards of the mentioned associations on www.eucomed.org, www.mecomed.org and www.samed.org.za.

Zimmer Biomet would like to point out that the participation to our medical education meetings is restricted to approved Health Care Professionals. Zimmer Biomet cannot organize, facilitate or pay arrangements such as hotels, meals, transportation etc. to individuals not having a bona fide professional interest in the meeting, e.g. for spouses/partners or other accompanying persons not directly involved in the meeting. The personal data (such as your first name, surname, specialization, hospital name, city, country and e-mail address) that you are providing to Zimmer Biomet herewith will be used to register you to this event and to provide you with more information about this registration. Your personal data will exclusively be used for this purpose by Zimmer GmbH, Switzerland, and will not be sold or transferred to any third parties. You may at any time have access, review, correct and delete your personal data by writing to Zimmer GmbH, Sulzerallee 8, CH-8404 Winterthur, Switzerland.

Speakers in this event will disclose to the audience any involvement they may have with industry or other organizations that may potentially influence the presentation of the educational material, including with respect to products that are the subject of this course. All speakers of this event receive Zimmer Biomet institutional or personal support. This publication and all content, artwork, photographs, names, logos and marks contained in it are protected by copyright, trademarks and other intellectual property rights owned by or licensed to Biomet or Zimmer Biomet or its affiliates unless otherwise indicated, and must not be redistributed, duplicated or disclosed, in whole or in part, without the express written consent of Zimmer Biomet.

For complete product information, including indications, contraindications, warnings, precautions, and potential adverse effects, see the package insert. This information is intended for meeting attendees, only; distribution to any other recipient is prohibited.
